

ALL HAIL THE FUTURE OF SALES

Coffee for Closers, hosted by the Lowth Entrepreneurship Center, provides a morning meeting with free coffee every Thursday at 9am to talk all about sales. This weekly event gives students the opportunity to bounce ideas off of each other as well as hear from mentors that have been in their shoes. Grow your ideas with the advice of mentors and extra feedback from fellow peers.

Hear about upcoming events and different ways to get plugged in with the Lowth Entrepreneurship center. Coffee for Closers contains valuable information on sales and provides a more intimate setting to ask questions. Receive guidance from experienced entrepreneurs and educated peers every Thursday morning with Coffee for Closers.

About the Lowth Entrepreneurship Center

The Lowth Entrepreneurship Center is intended to bring together students, educators, and experienced entrepreneurs to conduct new and innovative ideas. The center provides students with thinking pods, a pitch room, loft, kitchen, video content creation room, and more! The Lowth Entrepreneurship Center helps get students connected in different events going on in the area as well as launching programs of its own. These programs include the Spartan Spark, Coffee for Closers, along with other student run programs. The center grants students scholarships if eligible to help jumpstart their business.

Lowth Entrepreneurship Center Mission Statement

We intend to equip students with the skills and tools necessary for success. With the help of educators, experienced entrepreneurs, and guest speakers from all over the world, the Lowth Entrepreneurship Center gives students once in a lifetime opportunities with valuable hands-on experiences.
